

WOOD WITHOUT COMPROMISE

**Maximum
Scratch Protection**

**Waterproof
Flooring System**

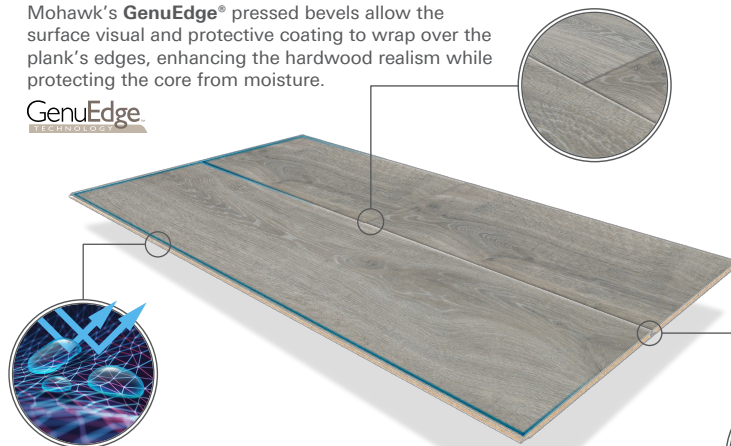

All Pet Plus Protection

WATERPROOF FLOORING SYSTEM

Mohawk's **GenuEdge®** pressed bevels allow the surface visual and protective coating to wrap over the plank's edges, enhancing the hardwood realism while protecting the core from moisture.

GenuEdge

Mohawk's **Uniclic®**, the industry's leading glueless locking system, snaps together for fast and easy installation. The innovative system maintains constant tension between planks for tight joints that trap water on the surface, protecting your floor and subfloor.

The perimeter of each RevWood Plus plank is coated with **Hydroseal™** to further protect the floor. The hydrophobic coating repels water, so planks resist swelling from moisture.

BENEFITS

- Waterproof flooring system protects floors and subfloors from moisture.
- Planks can be installed in moisture-prone areas such as kitchens and baths.
- Everyday spills, tracked-in messes and pet accidents remain on the surface for easy cleanup.
- Floors can be wet-mopped for thorough cleaning.
- Tough wear layer resists scuffs, scratches and dents.
- High-end designs with authentic textures and pressed beveled edges provide hardwood realism.
- Flooring is backed by a Limited Lifetime Waterproof Flooring system Warranty.
- All Pet Plus Protection and Warranty covers all pets and accidents, all the time.

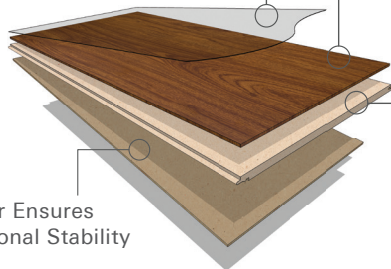

WHAT IS REVWOOD?

Wear, Stain, Scratch and Impact-Resistant Protective Top Layer/Overlay

Beautiful Re-creation of Varying, Natural Patterns

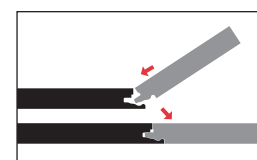

Resin Underlayer Ensures Greater Dimensional Stability

High-density Fiberboard (HDF) Offers More Strength than Normal Chipboard or MDF board

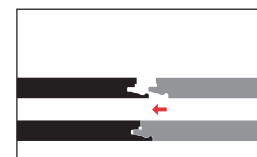

UNICLIC

Mohawk's Uniclic® installs with two methods.
